

SAFETY FLYER

Safety Alert

Slips, trips and falls. 23/2009

DANGEROUS AREAS INCLUDE:

- Unsafe ladders and stairs Damaged or slippery surfaces
- Obstructed walk ways Running or moving too quickly
- The wrong shoes and loose turn-ups on trousers Poor lighting

BUT THE BIGGEST CAUSE OF FALLS IS AN UNSAFE ATTITUDE

How you can help reduce fall statistics:

- Put things away after use
- Ensure lighting is adequate or use a powerfull hand light.
- Walk and change direction slowly when carrying a load.
- Cover all floor openings or protect them with guard rails.
- Never leave rubbish tools or materials on the floor

- Never block walkways or aisles with machines or equipment.

- Do not leave leads, power cables or air hoses in walkways.

- Never clutter the stairways with rubbish etc.

- Never carry or push loads that block out vision.

- Use handrail when walking on the stairs / gangway
