SNSPOOL Mission Statement

Mission Statement Southern North Sea Pool (SNSPOOL)

The Southern North Sea (SNS) Pool provides offshore energy operators with safe, efficient and flexible logistics solutions to support vital developments and projects in the region.

With the energy transition underway, the SNS Pool facilitates industry collaboration and asset sharing to deliver greater efficiencies, lower emissions, and drive innovation across operations.

The SNS Pool's objective are as follows:

- To conduct the operations in a safe, ethical, transparent and environmentally sound manner;*
- To conduct all activities in compliance with all laws and regulations and in accordance with participants particular safety management systems in conjunction with the Southern North Sea Pool agreements;*
- To deploy smart logistic solutions, such as vessel sharing & pooling, to maximise the effectiveness and efficiency of the participants' offshore supply chain.*

The participants of the Southern North Sea Pool will meet frequently through established committees to ensure that all personnel involved will perform all work in accordance with the mission statement.
